Justice Sector Advisors – Worldwide

Management Sciences for Development, Inc. (MSD) seeks Justice Sector Advisors for anticipated rule of law projects worldwide. Desired areas of expertise include judicial independence, prosecution, anti-trafficking, complex serious crime investigation and prosecution, criminal defense, court administration, police-prosecutor coordination, comparative law, informal justice systems, access to justice and public information, gender justice, juvenile justice, land restitution, enforcement of judgments, ethics, alternative dispute resolution, restorative justice, legal and judicial education, financial crimes, criminal tribunals, and witness protection. Recruitment is contingent upon contract award.

MSD works with donors, governments and civil society to strengthen justice sector institutions and actors to build a culture of lawfulness and support the rule of law.

Responsibilities:

1. Assist to create and strengthen justice sector institutions, including the courts, police, and prisons to support the rule of law
2. Assess, monitor, advise, train, and/or mentor justice sector actors
3. Provide technical expertise to help develop performance indicators and monitor project activities

Qualifications:

1. A total of seven (7) years experience as an attorney, judge or justice sector professional with a minimum of five (5) years professional experience directly related to the specific area of expertise
2. Professional degree, advanced degree, or where appropriate, certification from federal or state-certified corrections or police academies as required
3. Good English speaking and writing ability. Knowledge of a second language is a plus
4. Good interpersonal, communication, and leadership skills
5. Prior experience working abroad is a plus

Application Instructions:

Please submit a CV, cover letter, and three professional references to recruitment@msdglobal.com. Please include the reference "Justice Sector Advisors Applicant" in the subject line.
